

ASHP Foundation News Release

ASHP Foundation Announces 2018 Pharmacy Resident Practice-Based Research Grantees

BETHESDA, MD (May 3, 2018) — The ASHP Foundation announced today that funding has been awarded to six pharmacy resident researchers through the 2018 Pharmacy Resident Practice-Based Research Grant Program. This program supports quality research that advances pharmacy practice and is conducted by pharmacy residents partnered with senior investigators.

The grantees, each of whom received a grant of up to \$5,000, will study critical healthcare issues related to disease management, medication management and safety, and transitions of care. See more information about each study below:

[Critical Care Pharmacy Collaborative Practice to Optimize Management of Severe Community Onset Pneumonia](#)

Monica Bianchini, Pharm.D., and Susan Davis, Pharm.D.
Henry Ford Hospital, Detroit, MI

[Developing an Opioid Stewardship Clinical Dashboard for Adult and Pediatric Inpatient Use at a Health System](#)

Bozeman Health Deaconess Hospital, Bozeman, MT

[The Urgent Need for Urgent Care Antimicrobial Stewardship: Evaluating Prescribing Appropriateness and Patient Outcomes Associated with a Pharmacist-Led Culture Follow-Up Program](#)

Lauren Fay, Pharm.D., and G. Robert DeYoung, Pharm.D., BCPS
Mercy Health Saint Mary's, Grand Rapids, MI

About the ASHP Foundation

The ASHP Foundation (www.ashpfoundation.org) was established in 1968 by ASHP (www.ashp.org) as a nonprofit, tax-exempt organization. As the philanthropic arm of ASHP, our vision is that patient outcomes improve because of the leadership and clinical skills of pharmacists, as vital members of the healthcare team, accountable for safe and effective medication use. Our mission is to improve the health and well-being of patients in health systems through appropriate, safe, and effective medication use.
